**Personal Statement: What role did Aeromodelling play in your life and what are your aspirations for the future?** (One page to be written in the Nominee's own hand and attached to this form. If written in a language other than English, then please attach a typed translation as well as the hand-written original.)

**\*\* since Yuval's handwriting is very hard to read, here is the typed version.**

My name is Yuval Sarig. I am 19 years old, 2nd year student of IT and cyber engineering (Orta Madaim collage, Ramat-Gan)

After graduating next year, I will be enlisted to serve in the IDF (army) as a defense technology engineer (drones Included).

I am very proud to be nominated for this scholarship by the Israeli aeroclub.

I joined the Israeli aeroclub when I was 8 years old. Aeromodeling F1B has played a very significant role in my life ever since, and it is not only about competing.

Very soon after starting to compete, I became a very responsible teenager. Building my own models, organizing my gear for practice and competitions, getting up at 3:00 a.m. and driving to the field for hours on my weekends, taught me and helped me to become the man I am today.

My coaches have been my role models and I learned a lot from them when I was young. Now I have my own students. In the last Junior's world championship (2022) Israel F1B team won first place, under my leadership and coaching. This achievement makes me very proud!

My Aeroclub branch, the local flight club in Hertzelia is my 2nd home. after being a junior there for many years, I am now the club manager, and I educate the next generation. my student already have their own students, and i see this family expand.

I see myself passing my heritage to my pupils and my unborn children as aeromodelling pilots as well as myself growing old and still being an aeromodelling pilot.

Ron Miasnikov

NAC Signature : Ron Miasnikov , General Manager

President or Secretary General of nominating FAI National Airsport Control

(must be submitted to the FAI Office by November 15)
