

REPORT ON THE 2022 F2 (CONTROL LINE) WORLD CUP

F2 World Cup competitions may be flown in classes F2A (Speed), F2B (Aerobatics), F2C (Team Racing), F2D (Combat) and F2F (Team Racing). All the world Cup F2 classes with the exception of F2F have perpetual trophies.

69 World Cup competitions over the five F2 classes were scheduled as follows:

F2A	18
F2B	20
F2C	14
F2D	14
F2F	3

A number of World Cup competitions had to be cancelled or postponed because of (i) the on-going pandemic and (ii) the invasion of Ukraine by Russia and the subsequent war in Ukraine.

The numbers of World Cup competitions actually held were:

F2A	13
F2B	15
F2C	10
F2D	9
F2F	2

The F2F World Cup was invalid (CIAM General Rule C.2.2.3) because only two competitions were held. Other competitions were declared invalid because the results showed that only one nation had competed; others because either no results and/ or Jury Reports were submitted according to CIAM General Rule C.13.7 c). Each year I send reminder emails to organisers to remind them of this mandatory rule and the consequences of not complying with it.

The F2 Subcommittee Chairman has convened an F2 World Cup Board under CIAM General Rule C.7.4 to adjudicate a complaint from France regarding a French competition that was declared invalid because no results had been received within the period specified by the Sporting Code (see the rule reference above).

An additional case concerning a second competition without any FAI Jury Report submission in the defined period has also been referred to the F2 World Cup Board for adjudication. The medal positions for F2B may change depending on the result of the WCB's adjudication in this second case. The medal positions for all four classes of the first case will not change regardless of the decision of the WCB.

The number of valid competitions in each class were:

F2A	9
F2B	13
F2C	7
F2D	7
F2F	0

In F2C there was a tie for 1st place and a tie-break was applied in accordance with the F2 Sporting Code rule 4.E 5.

The Ranking Table appears as an appendix at the end of this document.

It was difficult to get the final rankings updated and the cumulative results produced because the last two competitions of the year were not held until 8-9 October and 14-16 October, and the results were not submitted until the final day of each of the mandatory four-week submission periods.

It takes a considerable time to check all the results and update the rankings and cumulative results for a four-class World Cup competition and so the draft final rankings and cumulative results were not uploaded to the F2 CIAM webpage until 27th November.

In the light of the second case referred to the F2 World Cup Board, amended provisional Cumulative Results were uploaded on 2nd December for classes F2A, F2B and F2C only to reflect the current situation. Final Cumulative Results will be uploaded to the CIAM website and notified to CIAM for the medals as soon as is practicable after the World Cup Board gives its decision.

The individual competition full results, Jury Reports and the Cumulative Results for each class were uploaded periodically to the F2 World Cup page of the CIAM website. Previous years' full results and Jury Reports going back to 2010 continue to be available on the same page.

This report was sent to CIAM on 2nd December 2022.

This concludes the 2022 F2 World Cup Report.
