FAI/ CIAM Positions:
Subcommittee Chairman
F3 Radio Control Aerobatics

Delegate to Germany

Harsdorf/Germany, November 15, 2023

CIAM Subcommittee F3 Radio Control Aerobatics Report 2022

The actual F3 Aerobatics Subcommittee period May 2023 till April 2024 has 22 members and additionally there is a World Cup Coordinators for F3A.

The Subcommittee and the Working Groups worked actively and in a very cooperative way during the last year, although the economical problems all over the world had some influence on motivation. A big thank to the Working Group Coordinators.

10 F3A- and two F3P World Cup competitions took place. The number of competitors was mostly lower than the years before Covid. Competitors from Poland, Russia and Ukraine were mostly missing.

The 2023 F3P World Championships in Jonava/Lituania with having a World Champion in both subclasses F3P Aerobatics and F3P AFM was a well organized and beautiful event much appreciated by competitors and officials.

The F3A World Championship in Warwick/Australia was a successful event, too. But only 57 competitors (including six juniors) from 20 nations were present. All rounds could be performed.

Unfortunately the number of competitors was much lower than in 2019. Reasons may be the the big distance for travel, and increased costs for travelling and accommodation
For further details, please refer to the respective Jury Report

Discussions within the Subcommittee and relevant Working Groups:

- about rule clarifications for F3A, F3P and F3S,
- about trying to get more organizers for F3 aerobatic events
- about reducing costs for F3 Aerobatic events
- about general problems and issues with F3 Aerobatic classes,

The chairman

- supported the organizers of 2024 F3A European Championship to find officials and to create Bulletin 0.
- prepared the Volume F3 Aerobatics Sporting Code
- supported the Organizers of 2023 F3A World Championships to prepare the event,
- took part in CIAM Bureau discussions,
- attended several E-Bureau Meetings and all E-Technical Meetings of 2023 CIAM E-Plenary Meeting.

Thanks to all people who cooperated and supported F3 Aerobatics Subcommittee and me.
