LETTER OF APPRECIATION

Respected Delegates IPC and President Graeme

We apologize, that we are unable personally to attend this year's conference, because of the professional obligations of the Team management.

With this letter we would like to thank all of you for your efforts and hard work on the preparation and organization of the World Parachuting Championship (WPC) held in Banja Luka, August 2014.

All of us are aware of the fact, that there were huge obstacles for the successful organization WPC Banja Luka 2014, but due to our perseverance and your support, looking at it from this time and angle, satisfaction on our faces is noticeable.

Our club still continues to suffer obstruction of work by the NAC B&H. Ongoing is the court proceedings, which is time-consuming and exhausting, and it is an enormous obstacle for our application for some of skydiving events in next years, on European and World level.

Banja Luka Skydiving Club (BL SC) has built infrastructure, and now it has personal and professional capacities for the organization of major sporting events.

If in the course of work, on this year's conference, you are unable to determine the organizer of a sports event in the 2015th or the 2016th, we put at the disposal all of our resources.

Dear delegates and organizers, of this year's conference, once again thank you for everything and we wish you a successful continuation of the work.

Sincerely

Banja Luka Skydiving Club (BL SC)

Gmalic Zlatan
