

Report F3A World Cup 2015

The 2015 edition of the World Cup F3A is one where we can really speak about a World Cup (instead of a European Cup) with the first World Cup competition organized in Australia. Although the number of participants was small, the first initiatives are there to grow to a successful event.

This year there was also a cancelled competition. The Swiss competition was cancelled due to a too low number of pre-subscriptions to the competition. After a very successful World Championship F3A in Switzerland, the people were perhaps a bit tired and this caused perhaps a bit of overkill with another World Cup competition. Next year the World Cup in Switzerland is again on the calendar.

From the Russian World Cup no results were received in time for the end ranking. A warning went out to the Russian organizer and if this occurs again, then Russia will not be allowed a World Cup competition in 2017.

In total 15 competitions were on the calendar, but with the previous comments taken into account, 13 competitions were counted.

After the 13 competitions there were 2 pilots on the first place with the same amount of points. The rules state that the number of counted competitions will be increased by one until a winner is decided. In this case it is Lassi Nurila who has a fourth results where Stefan Kaiser only had 3 results.

Protests

In 2015 the World Cup jury panel consisted out of the following persons:

- Michael Ramel (GER)
- Peter Uhlig (GER)
- Tom Bloodworth (AUS)

No protests in any competition are known and also the World Cup Jury didn't receive any protest.

The Winner

The winner of the F3A World Cup 2015 is Lassi Nurila from Finland.

Conclusion

The F3A World Cup 2015 (the 8th edition) was successful. The number of participants decreased a bit, but still most organizations received enough participants. If Russia was having send their results within time, then the number of participants was increased so we can still say the interest in the World Cup F3A is still high.
