

REPORT ON THE F3A WORLD CUP 2011

by Pierre PIGNOT (France)

- For this fourth edition of the F3A World Cup 12 countries organised one or two F3A World Cup competitions with an average participation of 29 pilots. The competition of Calcinatello in September in Italy was cancelled.

In spite of several e-mail sent to the organizer I have never been able to acquire the results of the competition of Zamora. Therefore the final results of this World Cup F3A 2011 do not take into account this competition.

- 221 pilots (189 last year) from 25 countries (22 last year) participated at least to one of these competitions.
- The winner is Stefan KAISER from Liechtenstein.

Conclusion:

This forth edition of the F3A World Cup is always successful with an important progression of the number of competitions and competitors. The average participation by competition stays at a good level.

Except for Zamora (even no results) I received the report of the jury president of almost all competitions, no incident is to signal.

I hope that the obligation in 2012 of using panels of 5 judges and TBL will not be a brake in the organization of F3A World cup competitions.

In 2012, I suggest not to accept the competition of Zamora as a World Cup competition.
