

REPORT ON 2008 CONTROL LINE WORLD CUP

by Jean Paul PERRET (France).

In speed (F2A), **Kalmar SANDOR** (Hungary) won with a total speed on three competitions of 889,8 km/h . He is followed by Imre ELEKES (Hungary) with 872,3 km/h and Ferenc Szvacsek (Hungary) with 853,8 km/h .

In aerobatics (F2B), **Alexander SHREK** (Slovaquia) won with 84 points. He is followed by Alberto MAGGI (Italy) with 76 points and Richard KORNMEIER (Germany) with 73 points.

In team-racing (F2C), the team **OUGEN / SURUGUE** (France) won with 60 points. This team is followed by the team SURUGUE / SURUGUE (France) with 44 points and the team DOZHIDAEV / DUKOV (Russia) with 43 points.

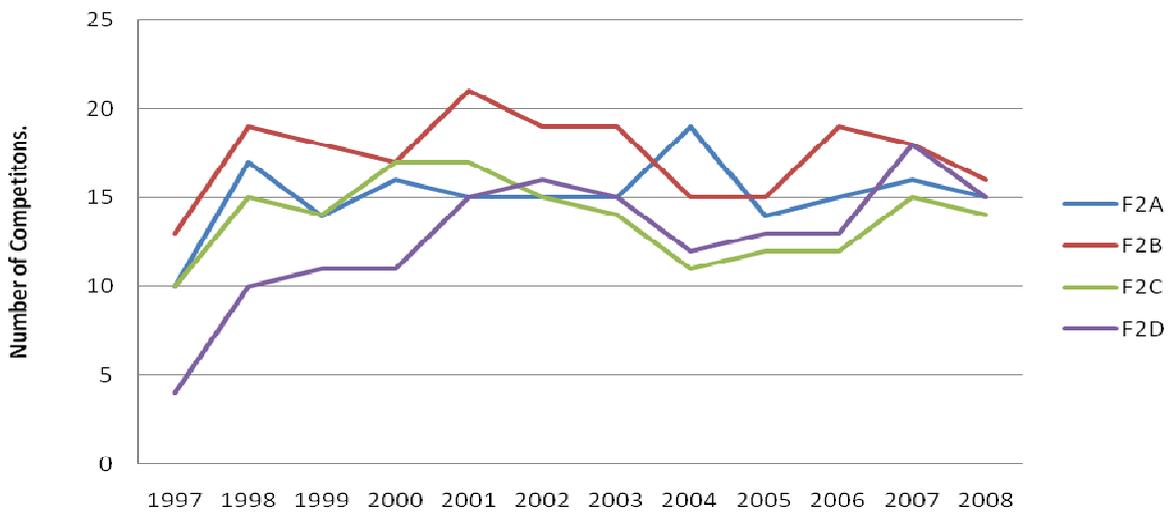

In combat (F2D), **Stanislav KULACHKIN** (Moldova) won with 66 points. He is followed by Francisco MONS (Spain) with 49 points and Mario RIOJA (Spain) with 48 points.

STATISTICS

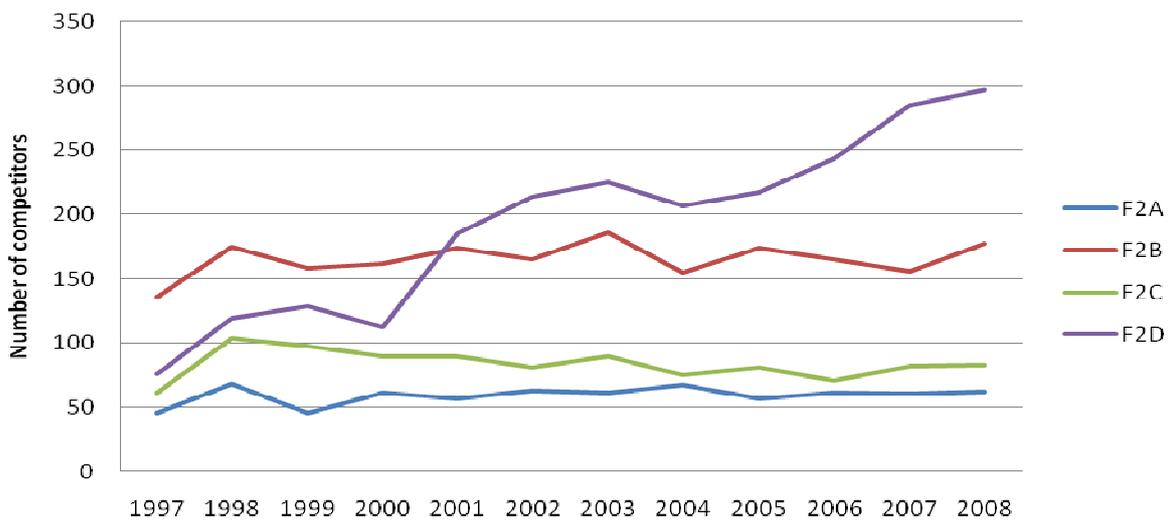

The Control Line World Cup has been introduced in 1995 in classes F2A (speed), F2B (aerobatics), F2C (team-racing), F2D (Combat). Perpetual trophies are given for all classes.

ORGANISATION

Members of FAI Jury and panels of judges for each competition are given in the annex. The list of judges which have been considered is the list valid for **2007-2008** (approved by the CIAM Plenary Meeting in March 2006).

In a World Cup competition, any infringement of the Sporting Code rules concerning composition of a panel of judges could lead to the cancellation of the results for the class which is concerned. The only exception to be considered is the case of an obvious withdrawal of a judge at the last moment (exceptional circumstance).

FAI jury - The composition of the FAI Jury is defined in paragraph B.4.1 of the Volume ABR of the Sporting code Section IV. In the case of International events the FAI Jury must include at least one CIAM Delegate or a person approved by his/her NAC. The other two members can be delegated by the NAC of the organising country but members of the FAI Jury must be from at least two different countries. The rules specified that members of the FAI Jury may not compete in the event except when the time table gives a sub-division into classes ; in that case, one or two members may compete in a class and must then be replaced by alternate Jury members (not competing in the corresponding class) for all matters involving that class. The alternate members must be chosen so that at all times the FAI Jury meets nationality and language rules.

Nothing is specified in paragraph B.4.1 of the Sporting Code concerning possibility for a member of a panel of judges (F2B, F2C or F2D) to be also involved in the FAI Jury. A specific rule has been introduced in the Control Line World Cup rules which specify that a FAI Jury member involved in a panel of judges has to be replaced for that class (as FAI Jury member) by another eligible person .

F2B panel of judges - The rule 4.2.13 of the Sporting Code specifies a panel of at least three judges. Those judges must be of at least two different nationalities and be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM. If the panel is composed of five judges (recommended) only three of them must be approved by CIAM.

F2C panel of judges - The rule 4.3.12 of the Sporting Code specifies a panel of at least three judges. The judges must be from two different nationalities and must have at least one language in common. Only two of them must be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM.

F2D panel of judges - The rule 4.4.18 of the Sporting Code specifies a panel of three judges. The judges must be from two different nationalities and must have at least one language in common. Only two of them must be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM.

Only one infringement to the rules concerning compositions of FAI Jury and/or panels of judges has been noticed: in Rafaela FAI and F2C panel do not respect the FAI rules, but this infringement is understandable. The organisers made their best to gather enough officials to run the competition. Only Brazil and Argentina fly F2 this year and it is difficult to interest and find volunteer to judge in such case.

Cases of Sebnitz and Landres F2D competitions.

15. Sächsische Schweiz Cup and 7th Werner Groth Cup in Sebnitz. In F2D the winner was choosing by a draw, because of stormy weather which stopped the competition before the end. So the competition is cancelled from the definitive classification.

24th Grand Prix de France. In F2D the competition was stopped after the third round. Three reasons: the rain on the first day, the large number of competitors and the large number of reflights. The organizers of the World Champs needing time to prepare the F2D stadium for the World Champs, the F2D, FAI juries and organizers decided to stop the competition after 3 days and three rounds. So the competition is cancelled from the definitive classification.

Two suggestions:

We have to think a modification of the F2D rules to limit the number of entries (40 or 50) competitors by circle/jury/crew. If the organiser may organise two circles/juries/crews in the same time in the same location, the number of entries may be increase to 80 or 100.

To find a new rule to decrease the number of reflights. Actually we register between 30 and 40 % of reflights.

PROTESTS

The Board of judges nominated by the CIAM Control Line Subcommittee to rule any protest concerning the World Cup is composed of Bengt-Olof SAMUELSSON (Sweden), Guido MICHIELS (Belgium) and myself.

No unusual occurrence or contravention of the FAI Sporting Code have been mentioned by a FAI jury or an organiser.
