

6. CIAM Treasurer's Report (updated)

6.1 CIAM 2008 Budget

- The detailed final CIAM 2008 budget statement is attached to this report. We are using only the FAI established standard Financial Report Form since this year. The rounded key data are as follows:

Opening balance as of January 1, 2008: EUR 45 482

Closing balance as of December 31, 2008: EUR 44 460

Net movement: EUR -1 022

The net movement is close to the budgeted EUR -1 600. This way the reduction of the balance continues.

As it happens usually, some budgeted costs will appear only in 2009 and some not budgeted items appeared in 2008.

- Sanction fees (including EuroTour events)

The high majority of the sanction fees arrived in time, but some were again late or not fully paid because of the bank charges, clarifications were made. We keep our previous decision that only the paid events are appearing in the calendar. That concerns for the EuroTour events as well.

The majority of EuroTour events for 2009 appeared in the calendar by now, a few need clarification or correction. Since 2007 these events are handled within the normal procedure apart from the facts that the forms are not passing the NACs concerned but through me instead (as the Bureau accepted before) and the three months gap can not be kept in case of some early contests in the year.

- Payments of medals

Only one medal payment is pending connected to the F1D W/Ch in Serbia. The organizers have got two warnings from the FAI office and in addition one from me. Information arrived for the repeated requests on Dec.5 from the Serbian NAC promising to pay the invoice in one week the latest. Further communication happened in January, but the invoice is still unpaid as of March 24.

6.2 CIAM 2009 Budget

There are not much movement yet in the 2009 budget, mainly late sanction fees arrived and one 2009 medal payment. The costs of the bureau strategy workshop will appear as not budgeted item.

6.3 CIAM 2010 Draft Budget

The draft 2010 budget is also attached to this report, now only in the new FAI form, see the last column on the sheet.

6.4 CIAM continental championship medals management

The current procedure for managing the CIAM continental championship medals gives no transparency for keeping track. This also affects the planning of the CIAM budget. The last Bureau decision for ordering C/Ch medals covers the need for 2008 and 2009. Therefore decision is necessary how to proceed from 2010. The options are to continue the current practice or change to FAI medals.

6.5 Status of other CIAM medals

There is about 260 pieces of CIAM World Cup medals on stock in the FAI office and this amount covers the need for about 8-10 years.

The stock of Aeromodelling Gold medal contains 31 pieces and that covers 31 years. The tooling of this medal was paid as well.
